

**AT FT. HALIFAX PARK,** we now have a number of improved riverside trails suitable for long shaded hikes, mountain biking or dog walks along the Susquehanna River and elsewhere throughout our 172-acre Park. There are also areas along the River and Armstrong Creek for wading and fishing, and plenty of undeveloped open areas for simply watching birds and other wildlife and flowers, flying kits or models, playing games, picnicking, or just enjoying the open area and sunshine.

As we're developing, we're discovering a very real need for other

**VOLUNTEERS** interested in becoming a part of our Organization. There are numerous opportunities for folks with specific interests, and some of the more obvious include:

- Boy Scout Troops or other community groups looking for opportunities to assist in opening and maintaining trails and primitive campsites or maintaining and developing other Park amenities
- Waterfowlers interested in constructing and placing Woodduck nesting boxes and other Riverfront migratory waterfowl habituate initiatives
- Birders to undertake Eastern Bluebird and Tree Swallow propagation
- Kayakers and canoers willing to assist in improving and maintain existing and potential River launch and take-out areas
- Fisherman desiring to open up and improve potential Riverbank fishing areas

- Herb Gardeners and others interested in developing existing potential planting areas, both large and small, trees and grounds at various areas around current farm buildings and throughout the Park
- Amateur archeologists looking for an opportunity to assist in locating the actual site of historic Ft. Halifax
- Carpenters, painters, and other craftspeople willing to assist in renovating and improving existing historic structures as well as in constructing new attractions at the Park.

Should any of this be appealing to you, we're anxious to talk with you about becoming part of our initiative to develop Ft. Halifax Park. If you are interested in joining in any of this, please contact us!
